

PRODUCTIVITY STARTS WITH AN ERGONOMIC CHAIR

SEATING SUPPLY ARRANGEMENT > E60PQ-120001/007/PQ

Sitting at a workspace for prolonged periods of time can be uncomfortable. But it doesn't have to be. With the right ergonomic chair, you can prevent injuries, sit comfortably, and get more work done.

A CHAIR FOR EVERY USE >

Chairs are tested and rated to perform optimally for different uses. They are rated to perform across a spectrum of functions including Occasional Use (up to 2 hours per day), Intensive Use (around the clock shifts) and Big and Tall Use. Commercial grade office chairs are rated to support up to 250 lbs. under normal office activities. Check with your Federal Client Service Team for more details.

SEATING SUPPLY ARRANGEMENT > E60PQ-120001/007/PQ

OfficeMax Grand & Toy now holds a Seating Supply Arrangement to provide you with high quality, ergonomically friendly seating options that support you through the workday in both comfort, and style. Contact your Federal Government Client Service Team today so a representative can match you with a seating solution that meets your needs right away!
