Symbols – Providing Useful Product Information At A Glance

NEW

New products for 2017.

E English

B Bilingual

T Trilingual

#% Made with a specific percentage of post-consumer waste.

Shades Of Green: By making greener product choices, you can help your office go from light green to mid green to dark green.

go **Light Green** for products with at least one or more meaningful green attribute/ecolabel.

go **Mid Green** for products with a high level of one or more meaningful green attribute/ecolabel.

go **Dark Green** for products with the highest level of one or more meaningful green attribute/ecolabel.

Environmentally Preferable Symbols – Industry Certifications To Look For

Sustainable Forestry Initiative Program (SFI)

A system of certification principles created by scientists, conservationists and foresters to promote forest growth, air quality and the protection of wildlife.

Forest Stewardship Council (FSC)

An independent organization that promotes responsible management of the global forests by creating standards through trademark and certification systems. It provides accreditation for companies interested in responsible forestry practices.

CarbonNeutral® Certification

Means that CO2 emissions were reduced to net zero in accordance with The CarbonNeutral Protocol. What is Carbon Neutral?

- Assists with reductions in greenhouse gas emissions
 - Helps provide financing for renewable energy
- Benefits of purchasing a Carbon Neutral planner:
- Reduces the consumer's ecological footprint
 - Helps to act against global warming

PEFC Certification

The Programme for the Endorsement of Forest Certification provides assurance that the wood used to produce the paper is supporting the sustainable management of forests, and is promoting forest practices that are respectful of the environment and social standards, and are economically viable.
