## Introducing the new Aerth™ chair

Completely adjustable for a better fit! Aerth is a new reference point for performance, aesthetics, sustainable design, and value.

The modular construction of the Aerth chair allows for reconfiguring, renewing or repurposing of the chair. Seat cushions and backrests are easily removed for cleaning, replacement or to update the appearance of the chair when redecorating. The Aerth chair is also easily disassembled at the end of its useful life and virtually all of the components can be readily recycled.

- Flexibly adjusts to support your back as you move in your seat while working
- Allows airflow to your back to keep you cool and comfortable
- Feels soft and comfortable, not rigid, against your back.
- Replaceable seat cushions

Optional Removeable Upholstered Backrest Slip Cover

Aerth™ also comes in six mesh backrest colours so you can personalize your chair the way you want!

(BLK) Black

(LGY) Light Grey

(DGY) Dark Grey

(BLU) Blue

(RD) Red

(GRN) Green
